

# INDUSTRIAL CALIBRATION LIMITED

REPAIR AND CALIBRATION OF TEST EQUIPMENT

---

## **ENVIRONMENTAL POLICY STATEMENT**

It is the intention of Industrial Calibration Limited, so far as is reasonably practicable to ensure that:

All potentially dangerous or hazardous materials are used and disposed of safely.

All reasonable efforts are made in order to minimise the wastage and unnecessary use of non-renewable resources.

The Company's impact on the local environment is minimised.

The Company will periodically review its environmental performance and, where possible, identify areas for improvement.
